# ORGANIC

**While creating Organic we listened to the best architect – nature itself.**

Organic, cubic form filled with organic shapes, takes its design straight from nature to provide a bit of relaxation in today's stressful world.

The irregular design of the reception desk stimulates the imagination. The spider web with reflecting sunlight, or perhaps cells of a living organism? The natural design is emphasised by backlighting system of fluorescent light. The final impression is completed by the glass top that gives the reception splendor and nobility.

# ORGANIC

**Soft design attracts attention.**

The modular system allows you to create the reception desk corresponding to your own needs. The stylish design can decorate all the whole front of the counter or it can protrude on the left or right side. White makes the reception desk look fresh and gives plenty of options to arrange the place allowing individual ideas: white goes well with every other color.

# ARCTIC SUMMER

**White & just white.**

White means purity, perfection and confidence. The desktop is made from pastel white lacobel glass, so are the front and sides of the reception desk.

The pattern of Arctic Summer emphasises fluorescent white light.

# ARCTIC SUMMER

## Opposites attract.

Arctic summer - ice flow warmed up with the glow - tube lighting. The fancy design of this reception desk is intended for people with imagination, who appreciate elegance and dislike monotony.

# DRITTA

**Dritta tempts you with its mystery and elegance.**

It does not have unnecessary ornaments because it is a form of decoration on its own. Dritta in Italian means straight, without curves. Therefore, it is only made from the rectangular blocks varied by the diversity of used materials. The new counter may be Italian brunette made of brown plane tree, but it is also available in a light version: light plane tree.
